LOCATION
ENSEEIHT (N7), Toulouse, France

SKILLS

Programming

- Python · proficient
- Ada · proficient
- C · learning
- MATLAB

Tools & theory

- Coq
- LaTeX
- Game theory
- Algorithmics

LANGUAGES

- Arabic — native
- French — fluent
- English — C1
- German — A1

MY GOALS

INTERNSHIPS
Data management · Model optimisation · Software innovation

MOBILITY
Germany · Japan · China

Mohamed Bistarine

Engineering student · Digital Sciences

PROFILE

First-year engineering student at Toulouse INP-ENSEEIHT, coming from MPSI and MP preparatory classes. A competitive chess player, I turn my taste for strategy into AI and optimisation projects: algorithms, games, function estimation.

EDUCATION

2026 →
Engineering degree · Digital Sciences
Toulouse INP-ENSEEIHT (N7)
Algorithms, software engineering (Ada, C), control systems, MATLAB.

Prep.
MP preparatory class (CPGE)
Groupe Scolaire Al Qalam
Advanced mathematics, physics and computer science.

Prep.
MPSI preparatory class (CPGE)
Lycée Réda Slawi
Algebra, analysis, physics, algorithmics.

High school
Moroccan Baccalaureate · SMB track
Lycée Mohammed Al Baqali

PERSONAL PROJECTS

AI automaton for strategy games — In progress

- Designing an automaton that plays chess and other strategy games.
- Bitboards, Zobrist hashing, search trees, numerical position evaluation.

Estimator of unknown functions — In progress

- Estimating functions from data.
- Comparing numerical methods: neural networks, statistical estimators.

BEYOND THE CLASSROOM

Chess · Najah Souss Agadir Échecs
National and international tournaments. FIDE Elo: 1643 standard · 1616 rapid · 1642 blitz.

Football · Olympique Dcheira
Club team sport: teamwork, discipline, reliability.
